

copy of email sent to school

Below is a copy of the email that the Certificate Requester will send to the school. For security reasons, the email must contain the .sch.uk domain registered to the same school.

For the school to provide permission for the LA/RBC to request a certificate on their behalf, the email recipient will have to click on a link in the email, which will take them to a web page on the Janet Certificate Service portal. The page will display a list of any domains that are contained within the CSR.
