

ISDN

ISDN Dial in

On making a Vscenebooking which includes an ISDN end-point, the designated contact at each site will receive an ISDN number(s) to dial.

ISDN numbers issued by the Booking Service are in the format below:

0131 474 XXXX

0134 480 XXXX

The 4 numbers XXXX at the end of the prefix may change for each booking. Please ensure those dialling-in check they are using the correct number and not one issued for a previous videoconference.

If you have any queries relating to this, please contact the Vscene support team:
