

Media Services Oversight Group

Group:

As part of the Jisc Co-design process (<https://www.jisc.ac.uk/rd/how-we-innovate/co-design> ^[1]) it is important that we enable the Jisc Community to provide high level strategic direction and influence in the development for Jisc Services. The Media Service Oversight Group will be consulted to advise on a number of developing services and activities mainly around the theme of video and media delivery, initially focusing on Vscene, Jisc's videoconferencing service (<https://www.jisc.ac.uk/vscene> ^[2]), and new services in the pipeline.

The main roles of members of the Oversight Group are as follows:

- Provide advice on the strategic direction of the Jisc Media Services
- Provide Community feedback into Service design
- Support the Co-design approach in helping Jisc to gather user views?

Membership to the group is by invitation only, and is made up of representatives from the main education bodies.

Default group content privacy:
