

Jisc Assent

Group:

The Community group for the Jisc Assent Service launched on 25 March 2015

Jisc, as the service operator, will post things on here relevant to the service but as the website name suggests this is also a space for those interested in the Jisc Assent service and the Moonshot technology to comment on, provide feedback and contribute to anything related.

Assent Service Information page visit [here](#) ^[1]

Assent Video [here](#) ^[2]

Moonshot wiki - Information on infrastructure technology and how to integrate it locally
- [here](#) ^[3]

Current customer list [here](#) ^[4]

Policy documents:

Terms and Conditions [here](#) ^[5]

Technical Specification [here](#) ^[6]

Authorised users can access their organisation's Jisc Assent membership account on the portal, including management of registered Moonshot systems [here](#) ^[7]
