Cost

The Jisc Managed Router Service (MRS) is available, without charge, for an eligible, funded, organisation's primary Janet IP connection of up to the bandwidth allowed for within the funding.

A charge for MRS applies to the following classes of Janet IP connections:

- An eligible, funded, organisation's primary Janet IP connection of more than the bandwidth allowed for within the funding.
- An eligible, funded organisation's additional Janet IP connections.
- All Janet IP connections for all other organisation types.

These charges are currently under review, please contact your account manager for advice.
