

Case studies

See also:

- [The UCISA-NG set of wireless LAN case studies](#) [1]
- [SOWN - A community wireless project utilising 802.11b \(University of Southampton\)](#) [2]

We would like to hear from any JANET connected organisation which has an interesting experience with wireless technology which could be used as the basis for a case study. Contact David.Richardson@ja.net [3] in the first instance.
