

TEL Programme

Emma Scales, Programme Lead

New programme structure
for delivery

Testing with users, what they say they need versus what they do

What we know. People want:

- To easily access resources, tools, techniques to support learning
- To share/collaborate
- To be assured of appropriate/relevant/high quality resources, tools, techniques
- To learn from others' experience and best practice
- To create and repurpose/customise
- To reflect on teaching/learning
- To track/record teaching/learning

HEE-wide approach

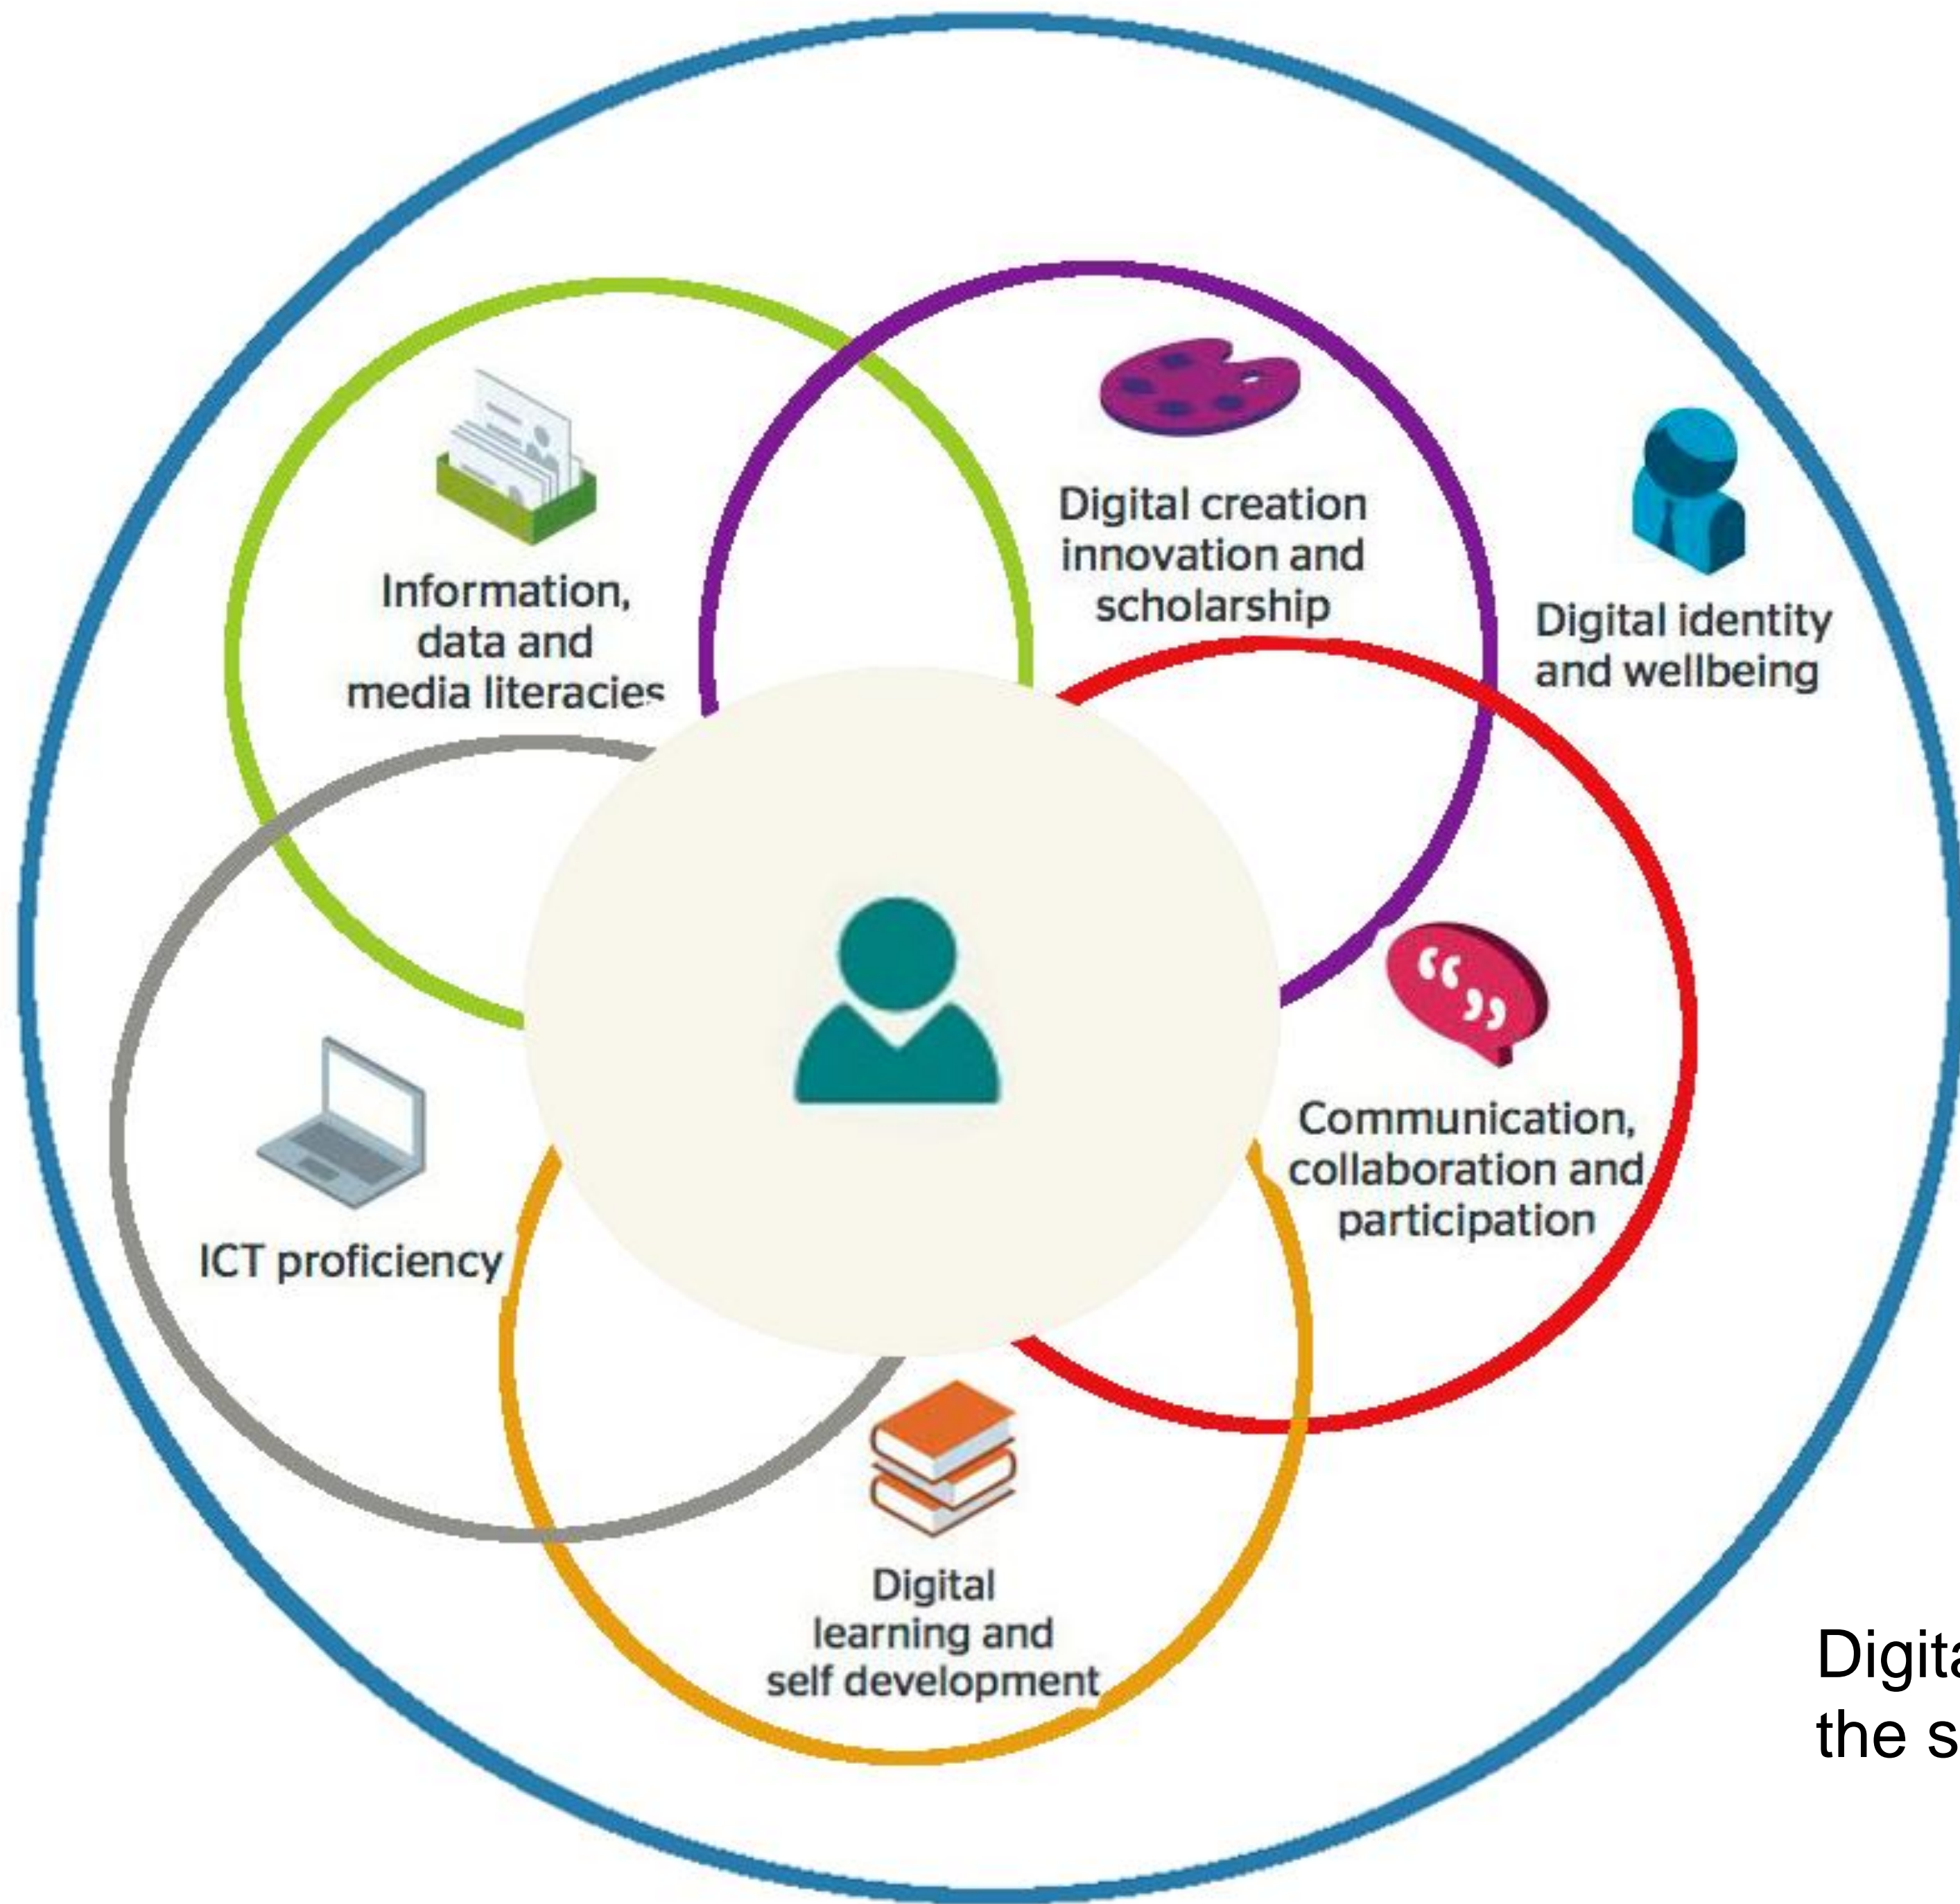

~~Impossible~~
Possible

~~Impossible~~
Possible

Digital literacies are the capabilities which fit someone for living, learning, and working, participating and thriving in a digital society.

Digital capabilities:
the six elements.
