

# Clinical Academies Network

Martin Van Eker

# Clinical Academies

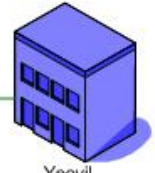

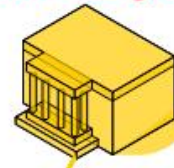

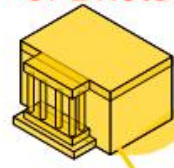

- 50% increase in student numbers
- New Peninsula Medical School
- NHS-based Academies (7 spanning 11 sites + AWP)
- Not just clinical experience
  - Students spend six months in a single academy receiving all their teaching, clinical skills, assessment, pastoral care, quality management
- Reconfigure the Medical School: new kind of partnership in the design and delivery of Medical Education

Avon and Wiltshire Partnership (Mental Health)

NHS Trusts Teaching Hospitals 2Mb/s – 10 Mb/s Dedicated links

# Drivers for the new Gateway

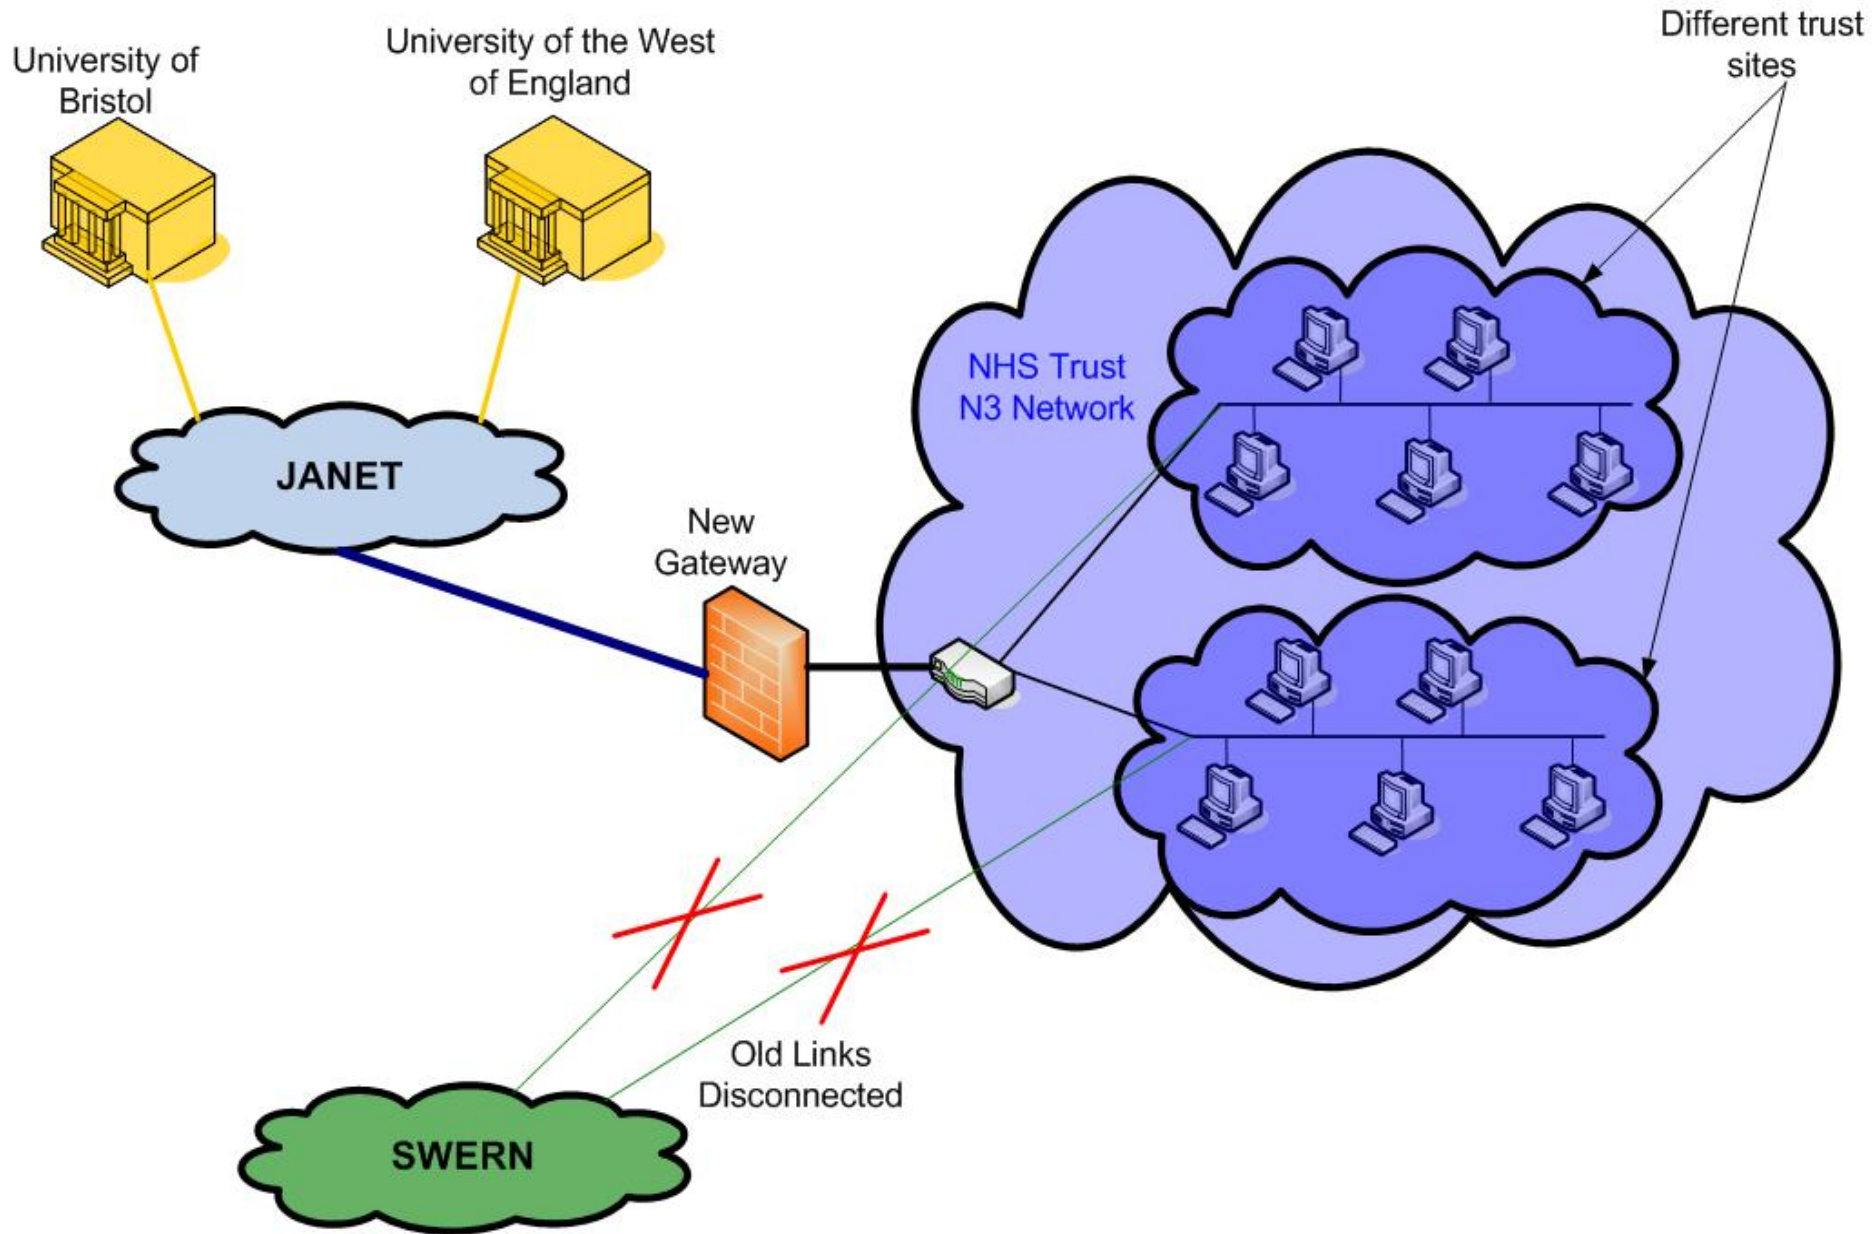

- Cost of existing leased lines
- Low utilisation of existing Wide Area Network
- Maintenance overhead and complication of a separate network

# ✦ Requirements for N3 / JANET Gateway

- Citrix desktop client (UoB)
- Citrix web client (UWE)
- e/pop web conferencing
- Video streaming

# Story so far

Weston Clinical Academy re-routed

- Citrix Desktop client ✓
- Citrix Web client ✓
- e/pop web based video conferencing ✗
- Video streaming not yet tested

# What next?

- Migrate other Clinical Academies to the N3 / JANET gateway
- Resolve printing problem
