A man with a beard is sitting at a desk in an office, looking at several computer monitors. The desk is cluttered with a keyboard, a mouse, a telephone, and a green mug. The background shows a window with a view of a brick building. The text "SHARING CASE STUDIES" is overlaid in large white letters on a dark grey banner across the middle of the image.

TEL HACK DAY

A hand-drawn question mark is positioned above a finger character. The question mark is drawn with a blue outline and consists of a large curved top, a vertical stem, and a small rectangular base. The finger character is a real human finger with a blue outline for a face, two small black dots for eyes, and two simple blue lines for arms with three fingers each.

What's a hack day

“A **hackathon** (also known as a **hack day**, **hackfest** or **codefest**) is an event in which **computer programmers** and others involved in **software development**, including **graphic designers**, **interface designers** and **project managers**, collaborate intensively on **software projects.**”
