The scope of the framework covers purchases by Janet(UK), Higher Education institutions, Further Education and Specialist Colleges and Research Council establishments in the UK, and by any other bodies whose core purpose is the support or advancement of further or higher education or of research.

Many of the above bodies are members of higher and further education purchasing consortia. These are independent organisations that provide a wide range of collaborative purchase agreements to their member institutions through consensus and the common desire to maximise their purchasing power in the market place. Any member of one of these consortia will be eligible to purchase from this Service by virtue of its membership, as will members of any other similar purchasing consortium in higher or further education that might be formed during the lifetime of the Service.

Membership lists for existing higher and further education purchasing consortia may be found at:
