HOFFA IS SELECTED TEAMSTERS HEAD; WARNS OF BATTLE

Details Two Front 3 to 1
—Says Union Will Fight
"With Every Inch"

The election of Sidney Hillman as president of the International Union of Marine and Shipbuilding Workers of America was a surprise to many observers. Mr. Hillman, who has been in the union since 1911, is a former member of the Communist Party and was once a member of the National Labor Relations Board. He is a well-known labor leader and has been active in the union's efforts to improve the conditions of its members.

HOFFA IS SELECTED TEAMSTERS HEAD; WARNS OF BATTLE

PAULUS GUMPERES, 71, S. RAILROAD HIS STAND TO LEAVE 200,000 PAPERS OUT

Paulus Gumpers, 71, a former leader of the Southern Railway Brotherhood, has announced that he will leave 200,000 copies of a pamphlet titled "The Southern Railway Brotherhood" to be distributed to the public. Gumpers, who has been a prominent labor leader for many years, is known for his strong opinions on labor relations and the role of unions in society.

IN STRIKE OF VICTIMS: Rose, Book, Selling Head of the Transportation Union

Rose, Book, a prominent labor leader and the head of the Transportation Union, is currently in a strike. He is known for his strong leadership and his commitment to the welfare of his members. The strike is part of a larger movement for better working conditions and wages in the transportation industry.

COURSE RECORDED

Navy Picks Up Radio Signals—4 Report Sighting Device

The Navy has picked up radio signals from a Soviet satellite in the North Atlantic, according to a report from a Navy source. The signals were recorded by a Navy ship and are believed to be from a Soviet satellite. The report also mentions a sighting device that was used to track the satellite's movements.

Science and discovery.....a personal perspective

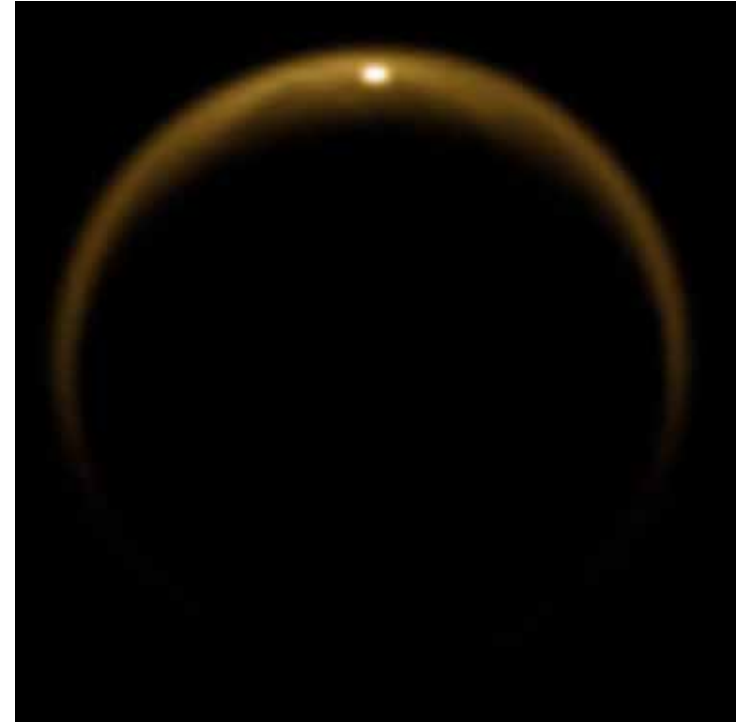

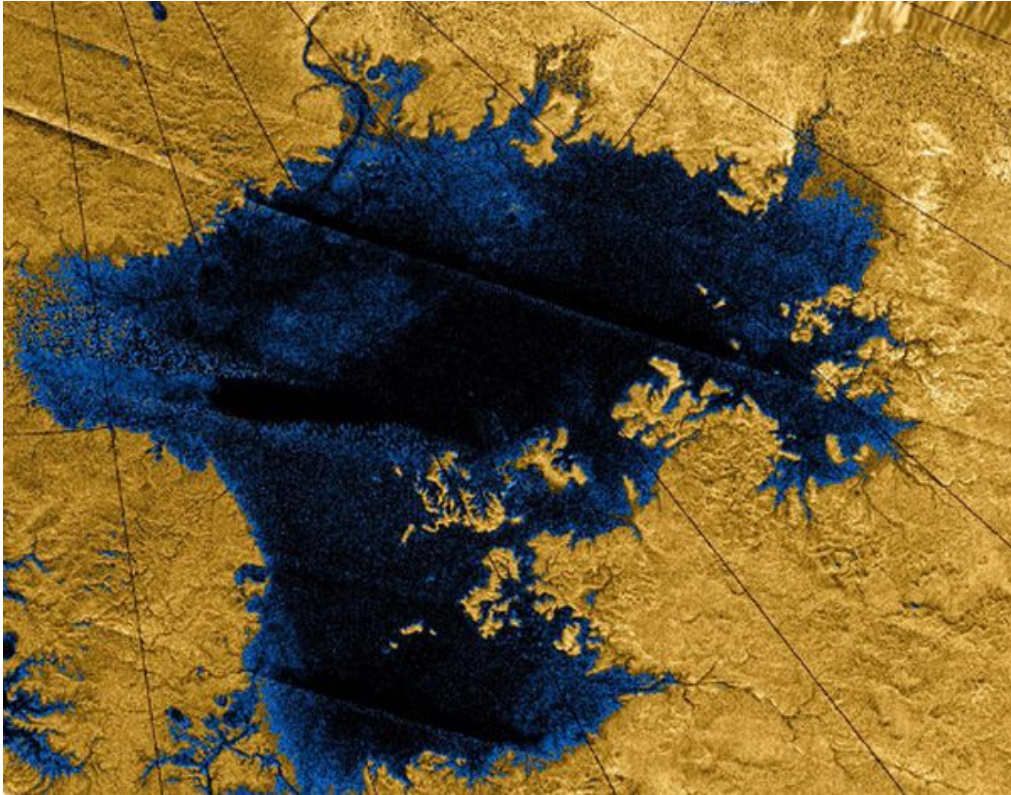

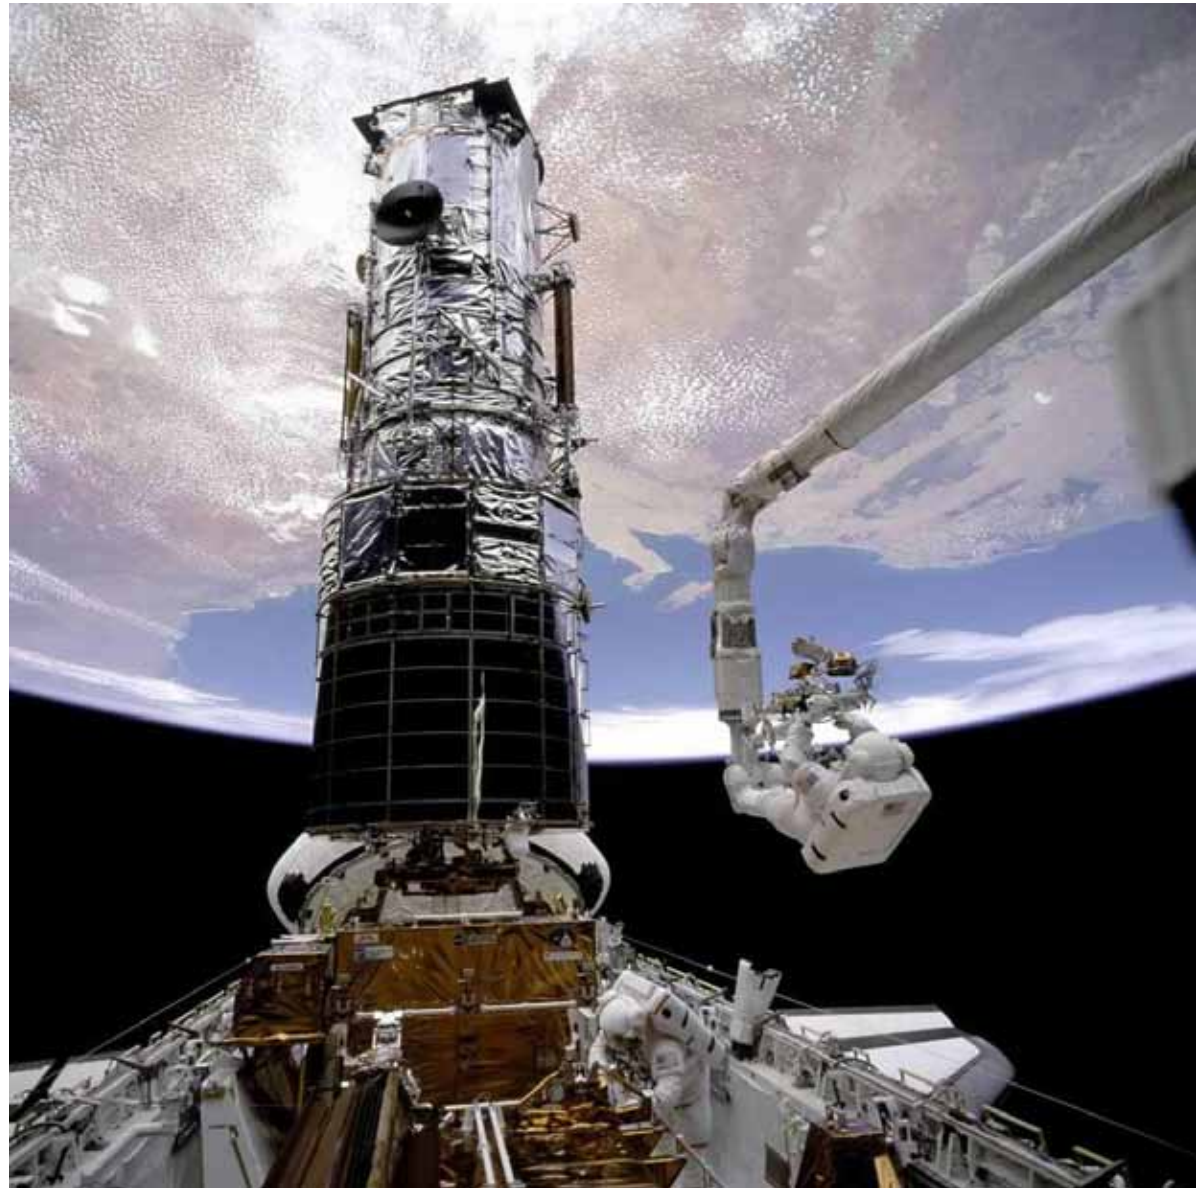

TITAN

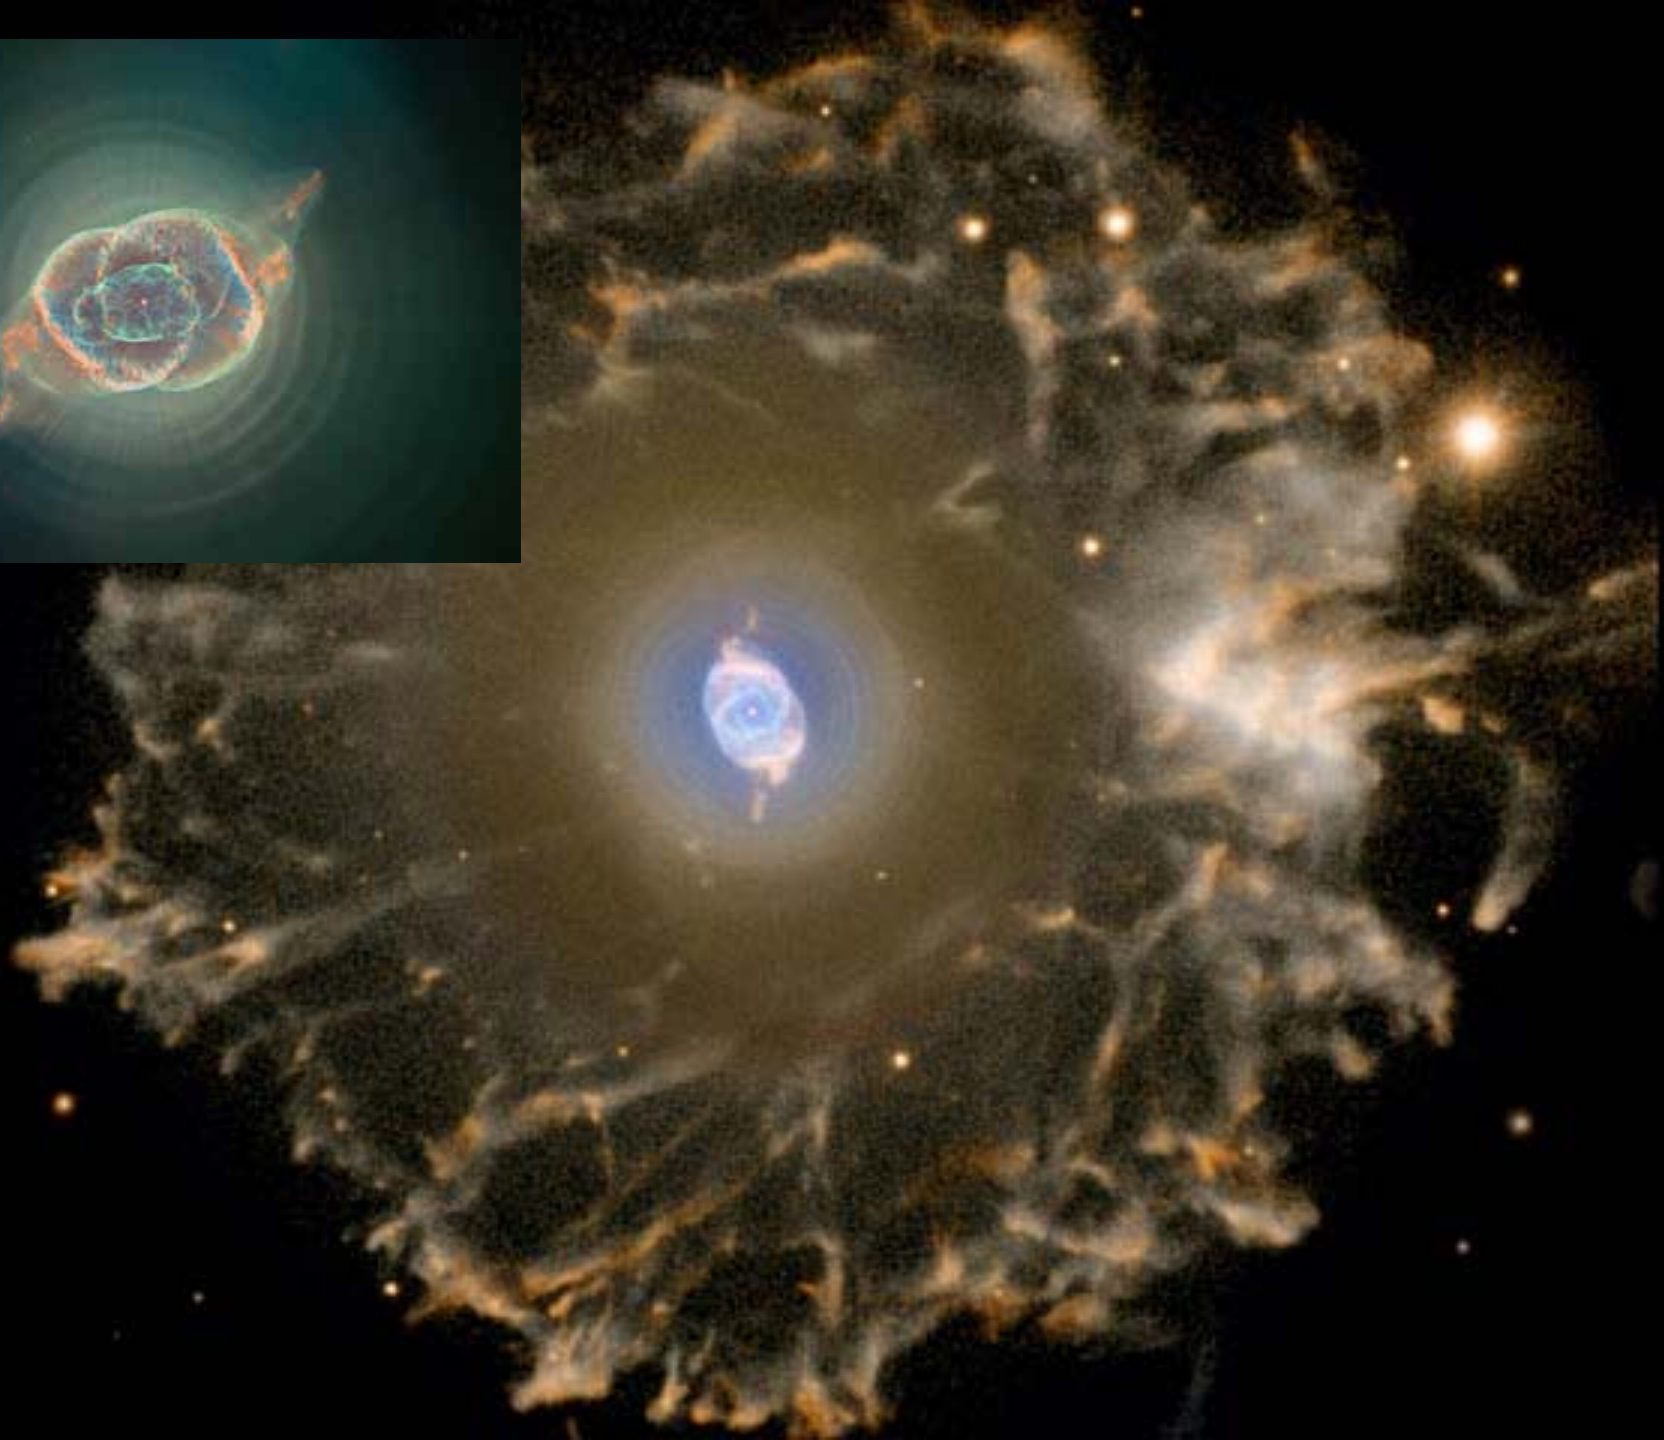

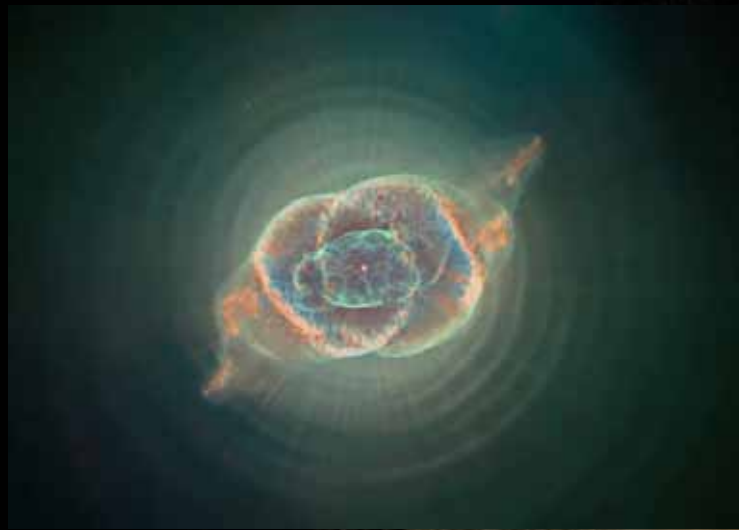

YEAR: 2006
MISSION: CASSINI
TARGET: SATURN / TITAN

Titan's atmosphere hides all details of the surface from anyone trying to see it from space. But that same thick atmosphere makes Titan one of the most interesting places in our solar system to investigate.
